## Economic Affluence and Leisure:

• Tradition describes the early Greek philosophers as practical, both active in political life and interested in technical progress; but it was curiosity, and not thought of mastering the forces of nature in the interests of human welfare or destruction, which led them to those 1st attempts at a grand simplification of natural phenomena

• The torch of philosophy was not lit in Egypt, for they lacked the necessary spark, that love of truth

I have many problems in my life. But my lips don't know that. They just keep smiling. - Charlie Chaplin
